## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 26 is rejected under 35 U.S.C. 102(b) as being anticipated by Beitner (5,355,678). After further review of presently presented claim, it appears Beiter discloses a bowed leaf spring comprising: a bow leaf spring connecting portion (50) a pair of arms (58, 66), bowed portion (40) and adjusting elements ((84 & 86) which are threaded.

### ***Allowable Subject Matter***

Claims 1-11, 13-15 & 17-24 are allowed over the prior art of record .

Claim 28 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

Applicant's arguments with respect to claims 1-11,13-15, 17-24, 26 & 28 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***
